2023 CHAMPIONS of JUSTICE

In 2010, Nevada Legal Services created the Champions of Justice Award to recognize volunteers and community members who significantly support our mission to provide access to justice for all Nevadans. The dedication of our awardees today has greatly increased the ability of Nevada Legal Services and our sister organizations to address the ever-increasing need for legal help.

Nevada Legal Services is fortunate to have many generous volunteers throughout the state who participate in our pro bono programs. The staff of Nevada Legal Services would also like to thank the many individuals and groups that support our organization, which allows us to continue to provide free legal aid services to our community members.

Meet Our New Pro Bono Director

Susan L. Myers, Esq.

SUSAN L. MYERS became Pro Bono Director of Nevada Legal Services on August 1, 2023. She has a wide range of experience in private practice, government, and legal services, including in probate and commercial litigation, gaming, bankruptcy, and adult guardianship. In addition to her Juris Doctor with honors from Rutgers School of Law, Ms. Myers earned a B.A. in History from the University of Virginia.

Ms. Myers's interest in pro bono began in 1991 as a first-year law student, when she worked as a summer intern for Philadelphia's Senior Citizen Judicare Project. While her career led her in other directions, she was able to return to legal services when she joined Legal Aid Center of Southern Nevada in July 2011. She served as Bankruptcy Facilitator, assisting pro se debtors and reviewing cases for pro bono placement, and later represented protected persons in adult guardianship cases. In May 2022, Ms. Myers took on the challenge of Project Manager of Nevada Legal Services' new Legal Kiosk Project, the goal of which was to design and place dedicated computers to provide a one-stop portal to curated free legal information for library patrons and staff. In the Spring of 2023, legal kiosks were installed in 22 libraries across the state, including urban and rural areas in the North and South. As that phase of the Legal Kiosk Project wound down, Ms. Myers gladly accepted the Pro Bono Director position at Nevada Legal Services. She looks forward to working with NLS's great Pro Bono staff and volunteers.

Pro Bono Program Spotlight: Lawyer in the School

Lawyer in the School is a unique program that is designed to provide direct access to legal services for underserved families. NLS staff and pro bono volunteers are embedded at Myrtle Tate Elementary School -- a Title I school in Northeast Las Vegas, where 100% of the school's students participate in a free lunch program out of necessity. The Lawyer in the School program helps to stabilize the lives of children in the community by providing onsite legal assistance to these vulnerable families in a multitude of areas, such as: tenant's rights, public benefits, unemployment, protective orders for domestic violence, custody and guardianship, and other matters affecting their lives. Every Tuesday and Thursday, program staff and volunteer lawyers meet school families in a classroom at Myrtle Tate while school is in session. Parents, caregivers, school staff, and family members are encouraged to complete an intake application with NLS at the school to request assistance. Pre-screened clients are then scheduled for an Ask-A-Lawyer session with a volunteer attorney, which can be conducted either virtually or in person at the school. The case can be recommended for pro bono placement if further assistance is needed.

**To volunteer or learn more, please contact Lawyer in the School Program staff:
trentzios@nevadalegalservices.org or croa@nevadalegalservices.org**

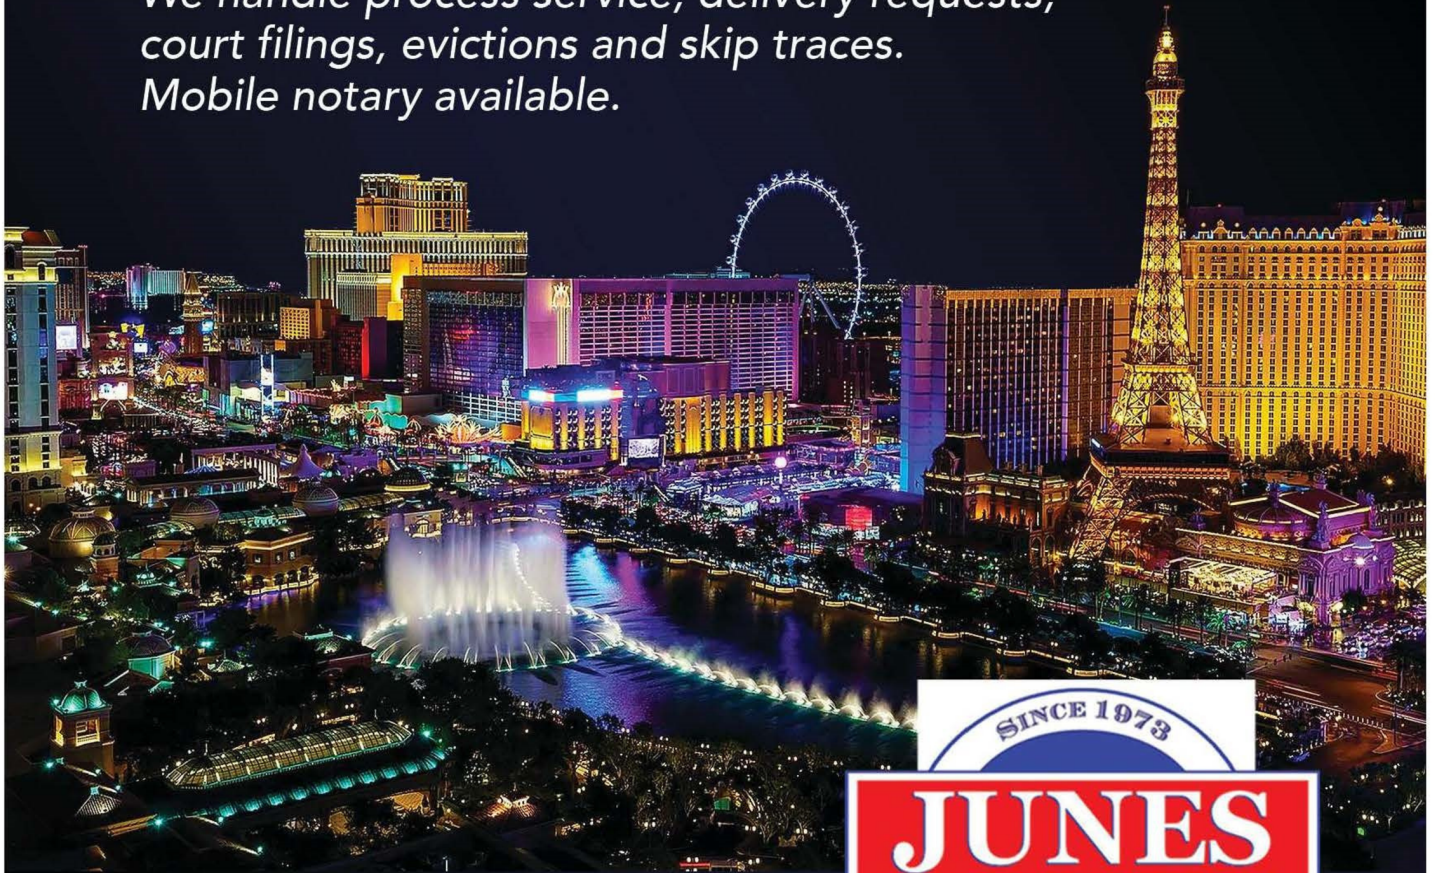

Constantina V. Rentzios, Esq.

Constantina V. Rentzios, Esq. leads Nevada Legal Services' Lawyer in the School Project, connecting low-income families with critical legal assistance and supporting the volunteer attorneys who participate in the project. Prior to working at NLS, she worked at the Legal Aid Center of Southern Nevada for over 5 years, where she represented adults under guardianship. In her free time she enjoys spending time with her family and her dog Gigi.

Champion of Justice

San Manuel Gaming & Hospitality Authority

Making history, the San Manuel Gaming & Hospitality Authority (SMGHA), a governmental instrumentality of the San Manuel Band of Mission Indians, has solidified its presence in Las Vegas gaming and entertainment.

In December 2021, after securing licensing approval, SMGHA closed a transformative deal, acquiring the iconic Palms Casino Resort. The vision became reality as the resort became the first and only to be fully owned and operated by a Native American Tribe. Palms Casino Resort reopened its doors just four months later in April 2022.

SMGHA's journey into the Las Vegas hospitality scene was facilitated by the adoption of a pioneering law by San Manuel's Tribal Council which created a distinct legal entity, the San Manuel Gaming and Hospitality Authority (SMGHA). SMGHA is vested with the sole authority and responsibility to invest in, acquire, and manage off-Reservation gaming and hospitality assets. The Tribal Council appointed three esteemed tribal citizens to the board of this new authority, including two former chairpersons of the Tribe and the Tribe's longstanding Treasurer. The SMGHA board is comprised of Chairperson Latisha Prieto; Carla Rodriguez, SMGHA Secretary, and Dr. Deron Marquez, SMGHA Vice Chairman.

Since 2022, through the Palms Cares program, the SMGHA has awarded over \$4M in charitable giving investments across 100 different community services organizations in Southern Nevada. This includes gifts such as \$250k to the Culinary Academy, \$235k to the City of Las Vegas, and various grants to groups that include Help of Southern NV, Foster Kinship, and Nevada Legal Services to name a few.

As the steward of this transformative venture, SMGHA stands as a symbol of cultural integration and forward-thinking entrepreneurship. SMGHA, in shaping the entertainment landscape of Las Vegas, presents a new era of hospitality, where the values of the San Manuel Band of Mission Indians exist in harmony with the Las Vegas community.

Myrtle Tate Elementary School

Sarah Popek has been principal of Myrtle Tate Elementary School in the Clark County School District (CCSD) since August, 2013.

The large, high-poverty school, Myrtle Tate serves an increasingly diverse urban population where 100% of students receive free or reduced-price meals and 28% have limited English language proficiency. Understanding the importance of strong and stable leadership in confronting the challenges faced by students at Myrtle Tate, Popek leveraged her development skills to build school's capacity to meet the academic and social needs of its students through teacher retention and innovative programs. In 2014, she secured a \$150,000 grant to expand academic programming through the after-school T.I.G.E.R. (Teamwork, Instruction, Growth, Enrichment, and Responsibility) Club. A champion of family engagement, Popek implemented WestEd's Academic Parent-Teacher and led a coalition of schools to create partnerships with Boys Town Nevada and Communities in Schools to support student success by providing essential wraparound services service to parents and families. In 2022, she partnered with Nevada Legal Services to implement the "Lawyer in Schools" program, offering Myrtle Tate families with free legal services.

Partner Organization of the Year

Nation's Finest

Nation's Finest has a mission to support America's military veterans and their families with a comprehensive approach to housing, health and employment that helps them achieve self-sufficiency and reach their full potential. The organization's Southern Nevada operations are lead by its Bullhead City Office Site Director, Raymond White.

Mr. White is a product of a life with a twisting path. At 61, there have been many career stops and starts in culinary, grocery, warehousing, and skilled construction trades. 2007 was a major turning point, after believing that skilled construction was the final career stop on my path, the Great Recession stopped residential construction. The time had come to make a few hard decisions as supporting a reasonable living had reached a point where I believed I would lose all I had one more time.

I took a position with the Job Corps program in Northern Nevada, at which, the hours allowed me to pursue educational opportunities. While working full-time, I pursued a bachelor's degree at an online for-profit college and secured the degree in three years with a 3.71 GPA. During that period of educational development, I also developed a desire to serve. At that point, I had worked at Job Corps for nearly eight years and found that the ceiling was solid outside of attrition. As I was not able to wait, I applied for a position with my current employer, Nation's Finest, and advanced to my current position over a six-year period. In my current position as Site Director of the Bullhead City Arizona office, I am tasked with overseeing the daily operations, cultivating the ever-changing grant programs, and developing new programs and potential funding opportunities in the communities served and from government and philanthropic entities. One of the newer programs involved developing relationships with various legal service entities, including Nevada Legal Services, as our primary funding source, the VA Supportive Services for Veteran Families (SSVF) grant program has developed awareness of the need for at-risk and homeless veterans and their families to address a few legal services barriers.

The program's new awareness of the need for legal assistance struck a chord with me personally. I am a solid advocate of rehabilitation in opposition to punishment, as strait punishment tends to exacerbate societal problems rather than the deterrent intended. Additionally, I believe that the major contributors to the homelessness crisis are a lack of affordable legal services and affordable housing. With the help of community-minded firms such as Nevada Legal Services, and collaborations with other non-profit entities such as Nation's Finest Nationwide helping the most vulnerable members of our communities can bring new meaning to the term, "Justice for All."
